Concerned about your next steps?

Stop
- Calm yourself down. Take a few deep breaths.

Think
- Think through the different options that are available for you. Keep things in perspective.
- Remember that the N-Level is one part of your life journey and not the destination.
Do
- Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you.
- Make a decision and take action based on your options.

When you receive your results, you may experience a range of emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.

Reaching out for help is a sign of strength, not weakness.

If you have any questions about your options or are not coping well, do reach out to someone you trust and speak with them. It could be a parent/guardian, teacher, ECG Counsellor, School Counsellor or a friend that you can talk to.

Is there someone we can speak with?

Keep a lookout for some of these signs in your peers or in yourself

How can we support one another?

DISTRESS

D — Deliberately avoiding others

I — Increased irritability, restlessness, agitation, stress and anxiety

S — Sending or posting moody messages on social media

T — Talking about death or dying

R — Reacting differently or gradually losing interest in things they used to like

E — Eating more than usual or having a much reduced appetite

S — Sleep pattern changes with difficulty falling asleep or oversleeping

S — Slowing down of energy levels

If you notice any of these signs in yourself or your friends, **have a chat with your school counsellor or teacher** Or contact SOS 24-hour hotline at **1-767** or **1800-221-4444**

FAQ

Matthew, a Sec 4NA student has accepted his ITE EAE offer, but has qualified for the Direct-Entry-Scheme to Polytechnic Programme (DPP) OR Polytechnic Foundation Programme (PFP).

Can Matthew apply for DPP OR PFP and retain his ITE EAE place?

Answer is 'CAN'

Matthew has a confirmed ITE EAE offer for a *Nitec* or 3-year *Higher Nitec* course and is now qualified for the DPP or PFP after the release of the GCE N- or O-Level examination results. **He may apply for the DPP or PFP**.

Students who receive a DPP offer will be required to **decide between the DPP or ITE EAE offer**. Students who do not decide by the stipulated deadline will be deemed to have accepted their DPP offer and their ITE EAE offer will be released.

As applications to the PFP open in January, students with confirmed ITE EAE offers may progress to ITE first before applying for PFP when applications open. Students who subsequently **receive a PFP offer may withdraw from their ITE EAE course**.

FAQ

Can Mary, a 4NA student who is newly eligible for DPP after the release of the GCE O-Level results apply for the DPP using a combination of their GCE O-Level and N-Level results?

Answer is 'CAN'

After the release of the GCE O-Level results in January 2024, students who were previously not eligible but are now eligible will also be allowed to apply for the DPP.

FAQ

Aishah, a 4NA student has accepted her DPP offer in December.

Can she apply for the PFP in January

Answer is 'CAN'

Aishah has already accepted her DPP offer in December. The school will contact her if she is **eligible for PFP** and collect the PFP eligibility form, after the release of the GCE O-Level results.

If Aishah decides to **apply and accept her PFP** offer in January, she will need to **apply for withdrawal from the DPP** course.

She can apply for refund of her DPP enrolment fees, subject to ITE's approval.

A lower aggregate point is indicative of better performance.

The Normal (Technical) Grade E/U, Normal (Academic) Grade 6/U and GCE 'O' Level Grade F9 will not be allowed to be used for fulfilment of subject-specific minimum entry requirements. However, these grades will be allowed to be used for aggregate computation for admission to full-time 3-year Higher Nitec and 2-year Nitec courses.

GCE O-Level grade of F9 & GCE N(A) Grade 6 cannot be used to fulfil MER.

Secondary 4N(A) students can **combine their GCE N-Level examination results and school-based O-Level preliminary examination results to apply for the DPP**. Students who are successful in their DPP application will receive an offer for a DPP course. If a student takes the same subject at both N- and O-Levels, only the better grade will be used for computation of his/her ELMAB3 aggregate. Upon the release of the GCE O-Level examination results, ITE will verify if DPP applicants who had previously used school-based preliminary examination results for admission have fulfilled the necessary criteria for continuation in the DPP.

Key Pointers for Students on ITE's Joint Intake Exercise (JIE) for Admission to Nitec Courses

ALL N(T) students and N(A) students (who are not progressing to 5N(A) or repeating 4N(A)) are eligible for JIE.

Keen competition for Nitec and Higher Nitec courses, so use all 12 choices wisely!

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

If you have received an additional letter, then you are eligible for the Enhanced Foundation Programme.

If you are eligible for EFP, make sure you apply for the 2-year Nitec and 3-year Higher Nitec first before applying for EFP!

The EFP helps to build the necessary literacy and numeracy foundations that will enable you to successfully complete your Nitec course!
