#### 4pm, 11 Jan to 4pm, 16 Jan - Apply for JAE(Joint Admission Exercises)

## **Important Information**

- Student to submit 12 course choices, a mix of JC / Poly / ITE 2-Year Higher Nitec courses
- 1<sup>st</sup> choice course is important as it has impact on your posting.

What if you are not posted to any of your chosen courses?						
You will be allocated a course of the same institution type as your first choice, subject to available vacancies and for which you met the course's entry requirements.						
For example, if you have indicated JC as your first choice, you will be allocated to a JC course with vacancy.						

## How posting works?

To apply for a course, you must first meet the admission criteria of the course.

After eligibility is confirmed, all these factors will be taken into consideration for posting.

- 1. Your net aggregate score, that is gross aggregate score minus bonus points.
- 2. Your choice of courses.
- 3. Vacancies available in the courses.

#### **JAE Posting Details**

## Guidelines

加

- JCs and MI offer a variety of subjects and different subject combinations.
  - They may also set their own school-based criteria for subjects offered, based on professional and student-centric considerations.
- Posting to an Arts, Science or Commerce course does not guarantee that students will be able to offer their preferred subject combinations.
- Students should check the website of the respective JCs and MI for more details on the subject combinations offered in the Arts, Science and Commerce courses and school-based criteria for subjects offered.
