Timed-Practice for Graduating Classes

Dear Parent / Legal Guardian / Caregiver,

The school is scheduling timed-practices for graduating classes to help students practise better time-management under examination conditions, especially in the absence of the mid-year examinations. These practices will focus on one component of their subject instead of the full exam paper.

The practices are scheduled during lessons, after curriculum hours and on Home-based Learning (HBL) Days. Your child/ward will be required to attend these sessions.

Should you need clarifications on matters related to the above, you may email Mr Chang Fook Yong (VP-Academic) at CHANG_Fook_Yong@schools.gov.sg.

Thank you.

Mr Chia Guo Hao

Principal
